Srinagar, India 📍

11 January, 1996 📅

As a Beginner in the Industrial field, while making a positive contribution, I would like to build a career, making the best use of my analytical, creative and logical skills to perform the job efficiently. I would like to work in a dynamic environment that enables me to utilize my Knowledge and learn new things, and to progress professionally and personally.

EDUCATION

Bachelor of Engineering in Computer Science
SSM College of Engineering
12/2015 – 12/2019   *Srinagar, India*

Higher Secondary
SP college
2012 – 2014   *Percentage: 90.2*

PROJECTS

CLOUD BASED PATIENT MANAGEMENT SYSTEM (01/2019 – 05/2019)
- The project is implemented using a micro framework of python called Flask. The main objective of this project was to store all the hospital related records in a single central repository, especially records concerned with a patient and make these accessible to the hospital staff and patient anywhere.
